Kubb (pronounced koob) is a traditional Nordic game being played in Europe and the U.S. Tournaments continue to grow and are drawing hundreds of players from numerous states.

Declared by some as "one of the 'funnest' outdoor games....ever!" Kubb is an easy to learn lawn game that has been played for over 1,000 years. Invented (reportedly) by the Vikings, Kubb can be described as a combination of bowling, bocce and horseshoes.

The object of the game is to knock over opposing team's kubbs and the King, before they knock over yours. The king rules all...if a team knocks over the king before the end of the game, they lose.

New format will provide teams opportunity to compete with teams of similar skill level.

Form a team! Join in the fun and fellowship. A game for all ages. Perfect for families!
